GREAT GUEST

Mark Casto

PASTOR AND AUTHOR

Mark Casto is well acquainted with the burnout that comes from the idolatry of productivity and forgetting our God-given identity. After Mark spent three years surrendering to rest in the wilderness, the Lord called him and his wife, Destani Casto, to establish The Shepherd's Tent in Covington, GA. The Shepherd's Tent is a place for those who are exiting the systems of religion to find rest in the Presence of Jesus.

Our culture is all too often addicted to productivity, success, and busyness. In Casto's book *The Shepherd's Tent*, he points out that men and women, young and old, will do everything within their power to achieve fame, independence, and self-sufficiency, and yet when they try to build something using the strength of man, it is in opposition to God's original intent. Don't miss Casto's reflective and personal book that offers an invitation to enter into a divine romance with God.
